

AMBERFIELD  
COLLEGE

# ANNUAL REPORT 2019

## MANAGEMENT

Nelson Mandela one the greatest leaders of all times said the following: "Education is the great engine of personal development. It is through education that the daughter of a peasant can become a doctor, that the son of a mine-worker can become the head of the mine, that a child of farmworkers can become the president of a great nation. It is what we make out of what we have, not what we are given, that separates one person from another."

At Amberfield College our vision is to be the independent school of choice in the market we serve. We offer a balanced approach to education, consisting holistically of academics, sport and culture.

In the words of Nelson Mandela, at Amberfield College we use what we have to “foster your child’s future”
