

MANAGING DIRECTOR NEWSLETTER

30 YEARS OF QUALITY PRIVATE EDUCATION

February 2025

Dear Parents and Guardians,

The new school year is well on its way. As we step into this fresh chapter, I would like to extend a warm welcome to both our returning families and those who are joining our school community for the first time. We are thrilled to have you with us and look forward to a year filled with learning, growth, and success.

The first term is an opportunity for our learners to set new goals, embrace challenges, and strive for excellence in both academics and personal development. I encourage each learner to approach their academics with enthusiasm and dedication. Success is not about perfection, but about effort and perseverance. By staying focused and committed, every learner has the ability to achieve greatness.

Beyond academics, we strongly encourage our learners to participate in extra-mural activities. Whether it is sport or culture, these activities build confidence, teamwork, and leadership skills. Education is not just about what happens in the classroom—it is about developing well-rounded individuals who are prepared for the future.

To our parents, your involvement in your child's education is one of the greatest contributors to their success. Your support, encouragement, and engagement—whether through attending school events, assisting with homework, or simply having conversations about their day—make a world of difference. Together, as partners in education, we can guide our learners toward a bright and successful future.

To our dedicated staff, thank you for your commitment and positive attitude. We thank you for your contribution to the academic and social development of our learners and for being their “parents”.

Let us all embrace this year with positivity and determination. As we embark on this journey, let us always remember that **every child matters**.

Yours sincerely, Dr B Fourie
